Dentures, relines & repairs in Wellington

HERO — OPENING PARAGRAPH

CURRENT

Since 2000, Wellington Family Laboratory has been dedicated to crafting high-quality dental appliances right here in our lab. We serve both patients and referring clinicians, utilising materials that meet rigorous New Zealand and European standards. With an unwavering commitment to aesthetics, functionality, and reliable timelines, we ensure that your dental needs are met with excellence and transparency.

SUGGESTED

Family-run dental laboratory and denture clinic in Te Aro. We make NZ-made dentures, relines and repairs on site, and provide lab services for referring dentists across Wellington and New Zealand. Book a consultation online or call us during clinic hours.

Denture clinic	For patients

DEPARTMENT CARD — PATIENT BLURB

CURRENT

For Patients and the Community: Get quality denture care with our services, including dentures, relines, repairs, and more. We're committed to helping you smile confidently and to serving our community with personalised care. Trust us for all your dental needs!

SUGGESTED

New dentures, relines, repairs and same-day fixes where possible. No referral needed — book online or call. SuperGold cardholders welcome; ask us about fees and WINZ quotes at your first visit.

DEPARTMENT CARD — DENTIST BLURB

CURRENT

For Dentists: Discover high-quality, New Zealand-made appliances that enhance patient care. Enjoy fast turnaround times and reliable courier services to ensure your practice runs smoothly.

SUGGESTED

NZ-made prosthetics, digital scan acceptance (iTero, 3Shape, Sirona), nationwide courier, and direct communication on every case. Refer online or download our referral form.

4. About page

PAGE BANNER — SUBTITLE (REMOVE DRAFT INSTRUCTION)

CURRENT

How we began as a family workshop, and how we work together today; add your own dates and memories below when you are ready.

SUGGESTED

From a home workshop in Wellington to a combined denture clinic and laboratory in Te Aro.

TIMELINE SECTION — SUBTITLE

Current	Suggested
Yu Dental Laboratory: A Heartfelt Family Journey	Key dates in our history

TIMELINE — “TODAY” ENTRY

CURRENT

Opening hearts and doors — Now welcoming the public for denture services, Yu Dental Laboratory continues to weave compassion into their work, crafting smiles while strengthening community ties. Each denture reflects the love and dedication that the family pours into their mission.

SUGGESTED

Clinic and lab, Te Aro — We welcome patients for denture care at 12 College Street and continue to serve referring dentists nationwide. Same family, same bench — now with a purpose-built space for consultations and manufacturing.

ARCHIVE SECTION INTRO (REMOVE PLACEHOLDER INSTRUCTION)

CURRENT

We will replace these placeholders with your own photographs of the original lab. Black-and-white prints often scan with grain or softness; we can treat that as part of the look so the archive feels genuinely of its era.

SUGGESTED

Photographs from our early workshop years — garage, basement bench, and the move to our current clinic.

Action: replace stock images with real archive photos when available.

ABOUT — STEVEN YU CARD (SHORT VERSION FOR ABOUT PAGE)

CURRENT

Steven Yu is a passionate dental technician and the visionary founder behind his successful practice. With a commitment to quality and patient care, he has dedicated his career to creating beautiful smiles and enhancing the dental experience for his clients...

SUGGESTED (2–3 SENTENCES MAX ON ABOUT; FULL STORY ON TEAM)

Steven Yu, Director. Founded the laboratory in 2000 after decades at the bench in New Zealand. Diploma in Dental Technology (C.I.T Wellington, 1999). Still involved in case planning and quality on every appliance we make.

5. Team page

INTRO PARAGRAPH (REMOVE BUILDER INSTRUCTIONS)

CURRENT

We are a small, experienced family laboratory. Below are our roles, formal qualifications where they apply, and a little of our story in our own words. A group portrait can sit above the profiles when you add your photographs, or you can use individual headshots in each card.

SUGGESTED

Registered dental prosthetists and technicians. Qualifications, roles, and how we work together at the Wellington clinic and laboratory.

STEVEN YU — BIO (REPLACE 3 LONG PARAGRAPHS)

CURRENT (OPENING PARAGRAPH ONLY)

Steven (Lap Wai) Yu's journey in dental technology is a remarkable testament to passion, perseverance, and family legacy. Growing up in China during the 1950s, he was surrounded by the tools of the trade... (+ 2 more long paragraphs)

SUGGESTED

Steven (Lap Wai) Yu trained in dental technology in China and Hong Kong before moving to New Zealand in 1983. He worked in Wellington laboratories for 13 years, then completed his Diploma of Dental Technology at C.I.T Wellington in 1999 at age 50. He founded Yu Dental Laboratory with Leanne and continues as Director, overseeing case quality and the standards every appliance must meet before it leaves the bench.

LEANNE YU — BIO (REPLACE 9 SHORT PARAGRAPHS)

CURRENT

Nine paragraphs on journey, partnership, factory work, grandchildren, gardening... *(generic marketing tone)*

SUGGESTED

Leanne (Shik Jing) Yu, Co-owner and co-ordinator. She joined the business when Steven started the laboratory, learned dental manufacturing on the bench, and now coordinates cases, appointments, and day-to-day clinic operations. Patients and referring dentists often speak with Leanne first — she keeps timelines clear and communication straightforward.

ALLAN YU — BIO (REPLACE 11 PARAGRAPHS; KEEP QUALIFICATIONS AS-IS)

CURRENT

Allan Yu's journey in dental technology is a testament to dedication, legacy, and passion... *(+ 10 more paragraphs repeating qualifications already listed above)*

SUGGESTED

Allan Yu, Dental Prosthetist and Technician. BCA (Victoria University), diplomas from RMIT Melbourne, and MSc Dental Technology with Distinction from Cardiff Metropolitan University. He sees patients for assessments, impressions, and fittings, and leads technical work on complex cases. Allan works with dentists across New Zealand and Australia on prosthetic planning and digital workflows.

Qualifications block already updated — no change needed there.

6. Contact page

PARKING SECTION (REPLACE PLACEHOLDERS)

CURRENT

- Off-street parking nearby (update with your exact arrangement).
- Free parking options if applicable (placeholder text).

SUGGESTED — FILL IN YOUR ACTUAL DETAILS

- Street parking on College Street and surrounding streets (check signs for time limits).
- [Add: nearest paid car park name and walking time, if applicable]
- Clinic entrance at street level — [confirm step-free access if true].

7. Denture services page

PAGE BANNER TITLE

Current	Suggested
Treatment / Denture Services	Denture services

FULL DENTURES ACCORDION — OPENING (EXAMPLE SERVICE BLURB)

CURRENT

Full dentures are removable dental appliances designed to replace all the natural teeth in either the upper or lower jaw... Regular check-ups with a dental professional are essential to ensure they remain well-fitted and comfortable.

SUGGESTED

Full dentures replace all teeth in the upper or lower jaw (or both). We take impressions, plan shade and shape with you, and fit the finished denture at our Te Aro clinic. Typical timeline: about four appointments over two weeks (Ivobase cases may need extra visits). We recommend annual checks so fit and comfort stay right as your mouth changes.

Apply same pattern to partial dentures, relines, mouthguards, etc.: what it is → what we do → how long → book/call.

8. FAQ — new questions to add

These are not on the site yet; suggested additions patients and dentists search for.

New FAQ

Q: How much do dentures cost?

A: Fees depend on the type of denture and materials. We explain costs at your consultation. SuperGold cardholders and WINZ quotes welcome — mention your card when you book.

New FAQ

Q: Can you repair my denture today?

A: Many repairs and adjustments can be done same day if we have capacity. Call us in the morning with your situation; we will tell you if we can fit you in.

New FAQ

Q: Do you accept digital scans from my dentist?

A: Yes. We accept files from iTero, 3Shape, and Dentsply Sirona workflows. Dentists: see our *For dentists* page for how to send a case.

New FAQ

Q: Do you see patients from outside Wellington?

A: Yes. Patients travel from across the Wellington region; we can discuss appointment spacing if you are coming from further away.

9. Images & placeholders to replace

Current	Action
Unsplash stock — hero, banners, team headshots	Real clinic, lab, team, and finished work (with patient consent)
Aria labels: "Headshot placeholder for..."	Remove once real photos uploaded
About archive: 6 duplicate stock tiles	Family archive photos or remove section until ready

How to use this document: Tick items you approve, edit suggested text in your own voice where needed, and note anything to leave as-is. We can then implement approved changes in one pass.
